***Response to Remarks***

Applicants' arguments, filed on 8/8/07, have been approved and entered. They have been fully considered. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either newly applied or reiterated. They constitute the complete set presently being applied to the instant application.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 287, 291, 294, 296, 298, 299 and 302 are rejected under 35 U.S.C. 102(b) as being anticipated by Mauclair et al. (US 5,268,371).

Mauclair et al. discloses non-metallic porphyrin comprising a reactive group directly or indirectly attached to any one of the four non-pyrrole positions. (Col. 3).

Col. 12 example 5 shows a reactive group attached to the non-metallic porphyrin through a linker.

Col. 9 lines 28-34 shows that a target can be attached. Said target can be selected from antibodies. Col. 8 lines 64-68 shows that antigens can also be used.

Claims 289, 290, 292, 293, 295, 300, 301, 303 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in

Art Unit: 1637

independent form including all of the limitations of the base claim and any intervening claims.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.
